**ANNEXURE – II TO THE DIRECTORS' REPORT  
MANAGEMENT DISCUSSION AND ANALYSIS**

This section in the Annual Report is incorporated in adherence to the requirements of Regulation 34 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

**INDUSTRY STRUCTURE AND DEVELOPMENTS**

The Company is one of the leading suppliers (Manufacturer/ Trader) of Industrial Gases in the western India since 1992. Industrial Gases find usage in almost all major Industrial sectors and are directly linked with Industrial growth of the country. In the current scenario of good Industrial growth and open economy resulting in increased export potential, the demand for Industrial gases also increased especially in steel, pharma and automobile industry.

**OPPORTUNITIES AND THREATS**

As mentioned above, due to booming economy and major steps towards Industrial and Infrastructure development in the country, there is a good opportunity for Industrial gas industry to cater the increased demand and grow proportionately. However, aggressive competition in the market and presence of major Multinationals will continue to exert pressure on prices and margins. In addition, small industrial Gas units in unorganised sector having small plants and low overheads continue to dominate local markets which is very Price sensitive and expects extended Credits.

**SEGMENT WISE OR PRODUCT WISE PERFORMANCE**

Due to sustained growth in Steel and Automobile Industry and over infrastructure development, the Gas Industry has witnessed sized growth in Argon and Argon based mixtures. Nitrogen, Hydrogen sales have also increased due to boost in Pharmaceuticals sector and Petrochemical complexes. New projects in Gujarat have helped in pure Gases and gas mixtures has also received good and encouraging response from the market and are acceptable by all major Petrochemical, steel & Cement and Pharma Companies.

**OUTLOOK**

Overall Outlook of Industrial Gas Industry is very bright and promising due to Sustained Industrial growth, Infrastructure developments and new projects coming up in the country. With the economic reforms and positive steps towards globalization, the overall Industrial growth shall continue resulting in increased demand for various industrial gases and their applications. New manufacturing sectors, Research and Developments centers and thrust in Automobile and Pharma product outsourcing shall also help boost the consumption of various gases.

**RISKS AND CONCERNS**

Through the Overall growth of Indian economy, especially the manufacturing sector has increased the potential of Gas Industry, there is certain risk from import in certain sectors due to reduction in import duties as part of globalization. Also the increasing prices of steel shall result in proportionate increase in cost of Cylinders and accessories resulting higher outflows.

**INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY**

Your Company has an adequate system of Internal Control Commensurate with the size and the nature of its business, which ensures that transaction are recorded, authorised and reported correctly apart from safeguarding its assets against loss from wastage, unauthorized use and removal. The External and Internal Auditors carry out periodical reviews of the functioning and suggest changes if required.

**DISCUSSION OF FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE**

**ANNEXURE – IV TO THE DIRECTORS' REPORT  
VADILAL CHEMICALS LIMITED  
NOMINATION AND REMUNERATION POLICY**

**Introduction:**

In pursuance of the Company's policy to consider human resources as its invaluable assets, to pay equitable remuneration to all Directors, Key Managerial Personnel (KMP) and employees of the Company, to harmonize the aspirations of human resources consistent with the goals of the Company and in terms of the provisions of the Companies Act, 2013 and the listing agreement as amended from time to time this policy on nomination and remuneration of Directors, Key Managerial Personnel and Senior Management has been formulated by the Committee and approved by the Board of Directors.

**Objective and purpose of the Policy:**

The objective and purpose of this policy are:

- To lay down criteria and terms and conditions with regard to identifying persons who are qualified to become Directors (Executive and Non-Executive) and persons who may be appointed in Senior Management and Key Managerial positions and to determine their remuneration.
- To determine remuneration based on the Company's size and financial position and trends and practices on remuneration prevailing in peer companies, in the Chemicals industry.
- To carry out evaluation of the performance of Directors, as well as Key Managerial and Senior Management Personnel.
- To provide them reward linked directly to their effort, performance, dedication and achievement relating to the Company's operations.
- To retain, motivate and promote talent and to ensure long term sustainability of talented managerial persons and create competitive advantage.

In the context of the aforesaid criteria the following policy has been formulated by the Nomination and Remuneration Committee at its meeting held on 31<sup>st</sup> March, 2015 and adopted by the Board of Directors at its meeting held on 31<sup>st</sup> March, 2015.

**Effective Date:**

This policy shall be effective from 31<sup>st</sup> March, 2015.

**Constitution of the Nomination and Remuneration Committee:**

The Board has changed the nomenclature of the existing Remuneration Committee of the Company by renaming it as Nomination and Remuneration Committee on 29<sup>th</sup> July, 2014 and by re-constituting it as per the criteria laid down under Section 178 of the Companies Act, 2013. The Nomination and Remuneration Committee comprises of following Directors:

## INDEPENDENT AUDITOR'S REPORT

To the Members,

### VADILAL CHEMICALS LIMITED

#### Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **VADILAL CHEMICALS LIMITED ('the company')** which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and a summary of significant accounting policies and other explanatory information.

#### Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of this Act and Rules made thereunder and the Order issued under section 143(11) of the Act.

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

## Annexure-A to the Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Vadilal Chemicals Limited of even date)

### Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial report of **Vadilal Chemicals Limited** ("the Company") as on 31 March 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit or Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of the assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information as required under the Companies Act, 2013

#### Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standard on Auditing prescribed under section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls. Those Standards and Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls systems over financial reporting.

#### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the financial statements for external purpose in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting included those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transaction are recorded as necessary to permit preparation of financial statement in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Control over Financial Reporting

Because of the inherent limitation of internal financial controls over financial reporting including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also , projection of any evaluation of the internal financial controls over financial reporting to future periods are subjects to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial reporting issued by the Institute of Chartered Accountants of India.

**Note : 1****SIGNIFICANT ACCOUNTING POLICIES :****(1) STATEMENT OF COMPLIANCE**

The financial statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 read with Section 133 of the Companies Act, 2013.

Upto the year ended March 31, 2017, the Company prepared its financial statements in accordance with generally accepted accounting principles in India, including accounting standards read with Section 133 of the Companies Act, 2013 notified under Companies (Accounting Standards) Rules, 2006 ("Previous GAAP"). These are the Company's first Ind AS financial statements. The date of transition to Ind AS is April 1, 2016.

**(2) BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristic into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- 1) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or Liabilities.
- 2) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- 3) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

**(3) USE OF ESTIMATES:**

The presentation of the financial statements are in conformity with the Ind AS which requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Such estimates and assumptions are based on management's evaluation of relevant facts and circumstances as on the date of financial statements. The actual outcome may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

**(4) REVENUE RECOGNITION:**

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, related discounts & incentives and volume rebates. It includes excise duty and excludes value added tax/ Central Sales Tax / Goods & Service Tax.

(i) Interest income from a financial asset is recognized when it is probable that the economic benefit will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and the interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

**(5) PROPERTY, PLANTS & EQUIPMENTS:**

Property, Plants & Equipments acquired by the Company are reported at acquisition value, with deductions for accumulated depreciation and impairment losses, if any. The acquisition value includes the purchase price (excluding refundable taxes), and expenses directly attributable to assets to bring it to the factory and in the working condition for its intended use. Where the construction or development of any such asset requiring a substantial period of time to set up for its intended use, is funded by borrowings if any, the corresponding borrowing cost are capitalized up to the date when the asset is ready for its intended use.

All items of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

Leasehold Land and Leasehold Improvements are amortized over the period of the lease or the useful life of the asset, whichever is lower.

**(6) DEPRECIATION:**

Depreciation is provided on the straight line method (SLM). Depreciation is provided based on useful life of the assets as prescribed in schedule II to the Companies Act, 2013. Depreciation on items of property, plant and equipment acquired / disposed off during the year is provided on pro-rata basis with reference to the date of addition / disposal.

**Transition to Ind AS**

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as of April 1, 2016 (transition date) mentioned as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

**(7) INTANGIBLE ASSETS:**

**Intangible assets acquired separately**

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

**Useful lives of intangible assets**

Intangible assets are amortized over their estimated useful life on a straight line basis over a period of 3 years.

**Transition to Ind AS**

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognized as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

**(8) CASH FLOW :**

The Cash flow statement is prepared by the "Indirect Method" Set out in Indian Accounting Standard 7 on "Cash Flow Statements" and present the cash flow by operating, Investing and financing activities of the company.

Cash and Cash equivalents presented in the cash flow statement consist of cash on hand and other current account balance / deposits with the bank.

**(9) INVESTMENTS IN JOINT VENTURE:**

Investments in joint venture are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

Upon first-time adoption of Ind AS, the Company has elected to measure its investments in subsidiaries and joint venture at the previous GAAP carrying amount in accordance with Ind AS-39 as its deemed cost on the date of transition to Ind AS i.e., April 1, 2016.

**(10) NON-DERIVATIVE FINANCIAL INSTRUMENTS**

Financial assets and financial liabilities are recognized when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in the statement of profit and loss.

**Financial assets at amortized cost**

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through profit or loss (FVTPL)**

Financial assets are measured at fair value through profit and loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in statement of profit and loss.

**Financial liabilities**

Financial liabilities are measured at amortized cost using the effective interest method.

**Equity instruments**

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments recognized by the Company are measured at the proceeds received net off direct issue cost.

**Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in financial statements if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

**(11) INVENTORIES:**

Inventory of Raw Material and Stores & Spares are valued at cost on First in First out (FIFO) basis or net realizable value which ever is lower. Cost of finished goods and work in progress includes cost of material consumed, labor and systematic allocation of variable and fixed Production overhead.

**(12) EMPLOYEE BENEFITS:****(a) Short Term**

Short term employee benefits are recognized as an expense as the undiscounted amount expected to be paid over the period of services rendered by the employee to the company.

**(b) Long Term**

The Company has both defined contribution and defined benefit Plans, of which some have assets in approved funds. These plans are financed by the Company in the case of defined contribution plans.

**(c) Defined Contribution Plans:**

These are plan in which the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. These comprise of contributions to Employees Provident Fund. The Company's payments to the defined contribution plans are reported as expenses during the period in which the employee perform the services that the payment covers.

**(d) Defined Benefit Plans:**

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to in the statement of profit and loss. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- 1) Service costs comprising current service costs, gains and losses on curtailments and settlements; and
- 2) Net interest expense or income

The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

**(e) Other Employee Benefit**

**Short-term employee benefits:**

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

**Long-term employee benefits:**

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognized as a liability at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the balance sheet date.

**(13) FOREIGN CURRENCY TRANSACTIONS:**

In preparing the financial statements of the Company, the transactions in currencies other than the entity's functional currency (INR) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rate prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on monetary items are recognized in the statement of profit and loss in the period in which they arise.

**(14) BORROWING COST:**

Borrowing cost incurred in relation to acquisition, construction or production of qualifying assets are capitalized as part of cost of such assets till the activities necessary for its intended use are complete. All other borrowing costs are charged in statement of profit & loss of the year in which incurred.

**(15) EARNING PER SHARE:**

A basic earnings per share is computed by dividing the profit/(loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) for the year attributable to equity shareholders by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented.

**(16) PROVISION, CONTINGENT LIABILITIES AND CONTINGENT ASSETS:**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligations. When a provision is measured using the cash flow estimated to settle the present obligation, its carrying amount is the present obligations of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities and Contingent assets are not recognized in the financial statements.

**(17) TAXES ON INCOME :**

Tax expense represents the sum of the current tax and deferred tax.

**Current Tax**

The tax currently payable is based on taxable profit for the year. Current tax is measured at the amount expected to be paid to the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

**Deferred tax**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets include Minimum Alternate Tax (MAT) credit paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT credit is recognized as deferred tax asset in the Balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized.

**Current and deferred tax for the year**

Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income, in which case, the current and deferred tax are also recognized in other comprehensive income.

**(18) OPERATING CYCLE**

The Company presents assets and liabilities in the balance sheet based on current / non-current classification based on operating cycle.

An asset is treated as current when it is:

1. Expected to be realized or intended to be sold or consumed in normal operating cycle;
2. Held primarily for the purpose of trading;
3. Expected to be realized within twelve months after the reporting period, or
4. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

1. It is expected to be settled in normal operating cycle;
2. It is held primarily for the purpose of trading;

3. It is due to be settled within twelve months after the reporting period, or
4. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The company has identified twelve months as its operating cycle.

**(19) CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY:**

The preparation of the financial statements in conformity with the Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates under different assumptions and conditions. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within next financial year.

i. Income taxes

As described in Note 1(16), the Company's tax jurisdiction is India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

ii. Discount rate used to determine the carrying amount of the Company's defined benefit obligation

As described in Note 26, in determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

iii. Useful lives of property, plant and equipment

As described in Note 1(5), the Company reviews the estimated useful lives and residual values of property, plant and equipment at the end of each reporting period. During the current financial year, the management determined that there were no changes to the useful lives and residual values of the property, plant and equipment.

iv. Allowances for doubtful debts

As described in Note 8, the Company makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgment and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

v. Allowances for inventories

Management reviews the inventory age listing on a periodic basis. This review involves comparison of the carrying value of the aged inventory items with the respective net realizable value. The purpose is to ascertain whether an allowance is required to be made in the financial statements for any obsolete and slow-moving items. Management is satisfied that adequate allowance for obsolete and slow-moving inventories has been made in the financial statements.

vi. Fair value measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgments and assumptions.

**Maturity Analysis of the Benefit Payments: From the Fund**

Projected Benefits Payable in Future Years From the Date of Reporting:

Particulars	Current Period	Previous Period
1st Following Year	16,26,873	15,98,126
2nd Following Year	55,831	43,965
3rd Following Year	59,042	48,209
4th Following Year	62,111	50,832
5th Following Year	1,34,900	53,407
Sum of Years 6 To 10	11,92,184	9,29,421
Sum of Years 11 and above	38,92,048	38,20,302

**Sensitivity analysis:**

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

Particulars	Current Period	Previous Period
Projected Benefit Obligation on Current Assumptions	34,78,958	31,32,968
Delta effect of +1% change in the rate of Discounting	(1,84,351)	(1,78,025)
Delta effect of -1% change in the rate of Discounting	2,17,476	2,13,206
Delta effect of +1% change in the rate of salary Increase	2,19,356	2,14,341
Delta effect of -1% change in the rate of salary increase	(1,88,953)	(1,81,925)
Delta effect of +1% change in the rate of employee turnover	33,816	26,821
Delta effect of -1% change in the rate of employee turnover	(38,725)	(31,338)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using "Projected Unit Credit" method at the end of the reporting period which is the same as that applied in calculating the defined benefit obligation liability recognized in Balance Sheet.

There were no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

**Financial risk management**

The Company's business activities are exposed to a variety of financial risks, namely liquidity risk, market risks and credit risks. The company's senior management has the overall responsibility for establishing and governing the company's risk management framework. The company has constituted a Risk management committee, which is responsible for developing and monitoring the company's risk management policies. The company's risk management policies Consider market conditions and reflect the changes in the policy accordingly. The key risks and mitigating actions are also placed before the Audit Committee of the company.

**A. Management of Liquidity Risk**

Liquidity risk is the risk that the company will face in meeting its obligation associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this management considers both normal and stressed conditions.

Due to dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability of under committed credit lines. Management monitors rolling forecasts of the company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows.

The following table shows the maturity analysis of the company's financial liabilities based on the contractually agreed undiscounted cash flows along with its carrying value as at the Balance sheet date.

**Management of Credit Risk**

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through out each reporting period. To assess whether there is a significant increase in credit risk, the company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

Actual or expected significant adverse changes in business, Actual or expected significant changes in the operating results of the counterparty, Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations, Significant increase in credit risk on other financial instruments of the same counterparty, Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

The Ageing analysis of Account receivables has been considered from the date the invoice falls due

In the Financial Year 2015-16, as per the Internal Auditor's report, an amount of ₹ 4,75,00,000/- has been paid to M/s. Success Vyapar Limited, Kolkatta, on the various dates during the financial year 2013-14 by the then Chairman and Managing Director, without Board Resolution and without Authority. The Company had appointed an independent investigation agency to know the facts in the matter of huge amount paid to M/s Success Vyapar Ltd. On the basis of the Investigation report by independent agency, the Board of Directors in their board meeting held on 24/06/2016 has decided :

- (i) To make a provision for ₹ 4,75,00,000/- as the recovery from M/s Success Vyapar Limited, Kolkatta is doubtful.
- (ii) To file civil suit against the then Chairman and Managing Director of the company and M/s Success Vyapar Limited or any other necessary action for the recovery of huge amount ₹ 4,75,00,000/- that has been paid to M/s. Success Vyapar Limited, Kolkatta. The company has filed a Civil suit No. 299 of 2016 dated 28/06/2016 against the then Chairman & Managing Director and M/s Success Vyapar Limited, Kolkatta for the recovery of payment of ₹ 4,75,00,000/-. The company has made provision to reflect a true and fair view of the affairs of the company and provided in books of accounts an amount of ₹ 4,75,00,000/- as a "Provision for doubtful advance".

**36.2)**

Company has received various communications from VAPI GREEN ENVIRO LTD towards payment of water effluent treatment charges from 1998 onwards for its Vapi unit. VGEL has demanded ₹ 58.01 lacs towards effluent treatment charges including compounded interest from the beginning. Company is replying to VGEL regularly since receipt of letters from VGEL that we are not generating any effluent and our manufacturing process is not generating any pollution. Time and again, GPCB officers have visited our site and reported that company is not generating any pollution. Under the circumstances, company has not made any provision in the books of account.

**36.3)**

- Vortex Ice-cream Private Limited jointly with Mr. Virendra R. Gandhi (the erstwhile Director) and others have filed a petition against the Company and its then Directors, before the Company Law Board, Mumbai bench dated 18<sup>th</sup> April, 2015 under Section 397 and 398 of the Companies Act, 1956 alleging Oppression and Mismanagement. After hearing both the parties to the petition, the Hon'ble NCLT Bench Member reserved the matter for pronouncement of order.
- However, the Petitioners and Respondents to the petition are seeking to arrive at amicable resolution of the matter and hence, they jointly filed an application to the Hon'ble NCLT on 11th July, 2017 to defer the pronouncement of the order of the said petition. The Hon'ble NCLT Bench Member, after hearing both the parties, passed an order on 19-7-2017, approving the application of the parties. The matter was lastly heard by the Hon'ble NCLT on 12-04-2018.

## 5 Adjustments to Statement of Cash flow

The Ind AS adjustments are either non cash adjustments or are regrouping among the cash flows from operating, investing and financing activities. Consequently, Ind AS adoption has no impact on the net cash flow for the year ended March 31, 2017 as compared with the previous GAAP.

## 6 Notes on Reconciliation

## Other Ind AS Adjustments

- (a) The Company has given effect of amortization of leasehold land with effect from April 1, 2016. Consequently the amount of amortization of Leasehold land up to March 31, 2016 have been recognized as decline in opening balance of Retained Earnings amounting to ₹ 22,86,545 and amortization expense of ₹ 1,00,586 has been transferred to the Statement of Profit & Loss for F.Y. 2016-17. The Lease hold land is carried at Cost less its amortized cost.

Further the other Ind AS adjustment includes the reclassification of Prior Period Expenses retrospectively. The Prior Period Expenses booked in F.Y. 2016-17 is recognized as decline in opening balance of Retained Earnings since it relates to the earlier period and the Expenses booked in F.Y. 2017-18, has been appropriately classified in the expenses of F.Y. 2016-17.

The net effect of these changes is a decrease in total equity as at March 31, 2017 of ₹ 26,03,487 (decrease in total equity as at April 1, 2016 is of ₹ 30,15,132) and Increase in profit for the year ended March 31, 2017 of ₹ 4,11,645.

- (b) Under the previous GAAP, all long term investments were carried at Cost. Whereas, On transition to Ind AS, the Company has tested for increase in value of its investment by applying fair value approach in accordance with requirements of Ind AS. Consequently the resultant increase of ₹ 11,55,616 in value of the investment have been recognized in opening retained earnings and Deferred tax recognized of ₹ 1,24,634 as at April 1, 2016. Also increase in value of investment of ₹ 8,110 (Gross) and Deferred Tax of ₹ 902 has been transferred to the statement of Profit & Loss for the year ended March 31, 2017.

During the year ended on March 31, 2017, the investment having cost of ₹ 2,20,000 was sold at Fair Market Value amounting to ₹ 5,72,000 and the difference ₹ 3,52,000 was booked as profit on sale of investment. Consequent to Adoption of Ind AS as on April 1, 2016 the investments were carried at Fair Market Value and hence, the profit amounting to ₹ 3,52,000 was reversed in the statement of Profit & loss.

- (c) Under Previous GAAP, revenue from sale of products was presented net of excise duty under revenue from operations. Whereas, under Ind As, revenue from sale of products includes excise duty. The corresponding excise duty expense amounting to ₹ 3,18,08,145 is presented separately on the face of the Statement of Profit and loss for the year ended March 31, 2017. The change does not affect total equity as at March 31, 2017 and April 1, 2016, profit before tax or total profit for the year ended March 31, 2017.

- (d) Under previous GAAP, there was no concept of other comprehensive income. Under Ind AS, specified items of income, expense, gains or losses are required to be presented in other comprehensive income.
- (e) Under previous GAAP, actuarial gains and losses were recognized in profit or loss. Under Ind AS, the actuarial gains and losses form part of remeasurement of the net defined benefit liability / asset which is recognized in other comprehensive income. Consequently, the tax effect of the same has also been recognized in other comprehensive income under Ind AS instead of profit or loss. The actuarial gain for the year ended March 31, 2017 were ₹ 1,10,173 and the tax effect thereon ₹ 36,426. This change does not affect total equity, but there is decrease in profit before tax of ₹ 1,10,173, and in total Profit of ₹ 73,747.
